
SB 743 Implementation and the SACOG Region

Presented to the California County Planning Directors Association
March 11, 2020

SACOG SB 743 Activities

- Local Agency Working Group
- Implementation Assistance Grant
- CEQA Streamlining
- Ongoing modeling & data support

Local Agency Working Group

- SACOG Member Agencies
- Information Sharing
- Implementation Assistance Project

SB 743 Implementation Assistance Project

- Inventory of available models & tools for VMT estimation
- Mitigation Measures
- Minimum Project Size for VMT Analysis
- Minimum Project Size for use of Regional Model
- VMT in Community Plans and General Plans

Committed SB 743 Support

- VMT per capita (screening) map
- Transit priority area geography
- Fix to SACSIM19—estimating “outside of region” VMT
- Regional trip lengths (CALEEMOD, project level VMT estimates)
- Ongoing LAWG

SACOG as CEQA lead agency

- First MPO to adopt a long range transportation plan under new CEQA rule & guidance on VMT
- State guidance on thresholds: demonstrate 14 to 17 percent reduction in VMT per capita
- Forecasted reduction in VMT per capita for 2020
MTP/SCS: 6 percent (SU)
